Most Common of Bodily Ills

By far the most common of bodily
ills is constipation. The usual cause
is the indifference of many people to
Nature's call. The inclination is not
heeded, or it is put off until a more
convenient time. When this is done
repeatedly, constipation is almost sure
to follow. It is of the utmost impor-
tance that everyone establish a certain
time for the bowels to move each day
and let nothing interfere with it.
When that is done and proper food
and exercise are taken and an abun-
dant of drinking water, the bowels
are not likely to give much trouble.
When a laxative is required take
Chamberlain's Tablets. They are
mild and gentle, easy to take and

YOUTH FAILED TO REGISTER

Resident of Boone County Calls on
County Clerk Friday

A young man giving his home as
Centralia, and claiming to be a mem-
ber of the Kansas National Guard,
called on the Sheriff and County Clerk
Friday and stated he had not regis-
tered and desired to do so. He did
not give his name, but stated the rea-
son he had failed to register was be-
cause he thought National Guardsmen
were not required to do so. He was
directed to register in Boone county,
though he talked of enlisting in the
Navy at once.

The following instructions regard-
ing late registrations were recently
received by Sheriff J. G. Ford:

JEFFERSON CITY, Mo., June
6, 1917. — The following telegram re-
ceived from Provost Marshal General.
Attention is invited to paragraph forty
of the regulations which contem-
plates the registration of persons who
for any reason shall not have been
registered on Registration Day. While
scrutiny should be made of each
case to determine whether puni-
tive action is required, it is desired
for the next few days to pursue a
liberal policy in this regard in order
that registration may be made com-
plete with the earliest possible move-
ment. Non-residents may also continue
to register under the provisions of
paragraph sixty-four. If it later ap-
pears that the liberality of this policy
is being abused, more stringent ac-
tion will be taken. Cards received
from absentees after fifth should be
filed as prescribed in paragraph forty.
Please give this the widest pub-
licity; inform all registration boards
without delay.

Frederick D. Gardner,
Governor.

IN AUTO, BEATS TRAIN

MONTGOMERY CITY, Mo., June
22. — Sheriff Covington in an auto
outdistanced a fast passenger train
between Montgomery City and Wellis-
ville yesterday and succeeded in cap-
turing Frank Talley, accused of hav-
ing deserted his wife.

Talley was recently arrested in
Kansas City and placed in jail here
on the same charge, but on the plea
of Mrs. Talley and his own promises,
was paroled.

SEPTIC ORDINANCE PASSED

The ordinance providing for the
erection of a septic tank as an addi-
tion to the city sewer system was
given its second reading Wednesday
night at a called session of the Mexico
Council. It was passed. All Coun-
cillmen were present except J. J.
Wood and the vote of those present
was unanimous in favor of the mea-
sure.

M. T. Veatch, Jr., of the Veatch &
Black Consulting Eng. Co., was pres-
ent at the meeting and discussed the
plans for the work. Things were ar-
ranged so that the bids will be re-
leased soon for material, etc. July
11, 1917, is the last day for bids.

Thank You Kelly

Everybody in the Prairie Queen
is singing the praise of Mexico. When
the storm blew off our northwest
wing, Mexico came across handsomely,
with a substantial donation.
Centralia will not soon forget this
evidence of the good will of the capi-
tal of Audrain. And speaking of
Mexico, the splendid city is growing
substantially and prospering nicely.
It always was one of the best towns
down on the map, and grows bigger
and better as the years go marching
by. — Centralia Courier.

Compliments Miss Powell

Speaking of young ladies, also re-
calls that Miss Besa Powell, with the
Famous, is deserving of special men-
tion and an invaluable asset to the
store where she is employed. Al-
though her home is in Mexico, Miss
Besa has been in Centralia for sev-
eral years and is so well known and
loved that she seems to be a "regular"
Centralia girl. She also has a pleas-
ant smile and cheerful greeting for
all and takes delight in specially re-
membering the younger folks with
whom she is a great favorite. As
to the store proper she is book-keep-
er, stenographer, ad writer, sales lady,
purchaser, and literally speaking the

pleasure in listing her as a Courier
